

# ELY SCHOOL

## ANNUAL REPORT 2012

**Dear,  
Friends (Freunde)  
Donors (Spendern)**

**W**e are glad to send our great thanks for what you have done to our Ely School. This has made a continuation of History ,Germans and Tanzanians –and shows that we are all Human being the colour doesn't matter and that we have to help each other, and of course when giving our effort to the children we building a next generation especially in Education .Once again thank you very much.

### PROGRESS

#### A. THE CHILDREN

This time the School has now 40 Children who are well cared for their education, food and accommodation of 5 children who stay at School compound .These are missing 100% good life from their families who have lost all their Parents, whom also their Grand Parents are very old. Our 5 Children who were very good in their subject were taken by the District school Officer to help them for their education until they complete Secondary Education .This is our Motto - Best Education – Good fruits Children's health is good only few were sick and cured with some of your donations. You will see the children having their breakfast – Maize Porridge/Milk everyday. You will also find them dressing nice good Uniform, this is part of your donations. This project used about Tsh. 1.2 million this year.

We have bought a cow to get milk for the School to improve the health of the Children

## **B. WATER PROJECT**

The Villagers have seen the big problem of the School missing water –they together helped to Dig 2 big wells (Brunnen) which will give up all the problem of getting water – you will find them on our pictures.

Your donation has helped to buy the big tanks to reserve water you will find them on our pictures

The Villagers have saved about Tsh. 2,800,000 (2.8 million)  
Donors money was used to buy some pipes and the two Tanks and their stands about Tsh. 4,000,000 (4.0 million) to make all this.

### **C. NEXT STEP**

A School plan grows day by day – it needs a patience time to come to a completion – but it needs hard time and work hard- The teachers have tried doing their best –sometimes waiting some months not enough Salary.

The tanks have no water up to now; we need a big pump, which will use either electricity or diesel. This needs Tsh. 1.8 million (900 Euro) – this will finish the problem of water in our School. We need a Computer and its accessories to serve information and teach the children – This needs a Tsh. 1.5 million (750 Euro) - A good Camera was donated by Thomas Moch – Tour Agent from Dresden – We thank him very much.

Now we have about 2000 Cement bricks for building another classroom next year 2013 – That cost 3.m Tsh. For this one Classroom needs now Tsh. 28 million shillings (14.000 Euro).

#### **Spenden:**

MISEREOR-Spendenkonto Nr. 101010 bei der  
Pax-Bank, BLZ 37060193,  
als Verwendungszweck  
„W30784 Ely School“ (wichtig!) und Ihre Adresse eintragen.

Oder online über <http://www.ely-school.com/>

#### **D.CONCLUSION**

Finally we have a lot to say, but much thanks to every body that did some thing for helping others, I hope all will find this in our website. [www.ely-school.com](http://www.ely-school.com)  
But not to forget all Tourists form Germany who have visited the School and see what is done by you all –Mr Andre and his wife Ina have visited and show in their trip in Tanzania.....find in their website. <http://blog.travelpod.com/members/andreina12>

A history is made by Mr. Wolfgang Plum and his wife Anita who is the Founder of this School and a plan to help. Then called by the Villagers WOLFGANG FOUNDATION.

**W**e thank all Germans who joined this venture we don't like to forget anyone – but also BDB – Bildungswerk Baden Wuerttemberg Group who visited here October 2010 through Mr. Ingo Grimm which helped the project.

I don't like to forget the Misereor in which participates a lot in the control of the money and send to school Account.

We thank the directors and all who are working for us without pay.

**May God bless you.**

Our dear friends this School is still yours, therefore kindly help more

Kindly when making a visit in Tanzania don't forget to visit the school which is the Fruits of Germans /Tanzanians.

**Dein Kollege  
Essau A. Malisa (School Manager)**
