

Dear Donors,

C/o Wolfgang Plum,

I hope that you are all very fine. On our side we are fine too. But bad news is that our school building was been broken down on Sunday 02/02/2014 from heavy windy rain. This made also the walls broken, the same to the roof. But good news, no body was harm in this because it was Sunday no body was there, everybody is safe.

Now we have to reconstruct the building again and this will use about 6m Tsh. (3000Euro) this could be more but we shall use some material from the building and some bricks we have down.

So we kindly ask all (Donors) that we shall use 70% of their donation to do so. 30% of the money we request the government to help, also some Political parties to help.

Again would like to thank all the Donors otherwise Ely School couldn't exist without your assistance, advice, and your Donation.

May God bless you all.

Essau Malisa

School Director.
